Glimpses of the Department

ector of AIIMS Patna performs an image-guided minimal
cative surgery on 30-year-old Aman Kumar's right elbow
at the hospital on Thursday. This was the first surgery
nducted at the hospital. AIIMS Patna director G.K. Singh
uring surgical mask could not be reached for comments.
at a doctor in the team said: "The 30-minute surgery was
successful. There was nothing serious about it and we

achievement for AIIMS Patna. It has been able to start
surgeries first among the six new All India Institutes
of Medical Sciences in the country. It is a new beginning
for us and we hope that things will start falling in
place soon." High-end orthopaedic equipment, including
an operating table, drill and image intensifier, will be
available at the hospital by January. Text by Shuchismita
