Patna Welcomes You to BISICON 2018

Dear friends and colleagues,

It is our great pleasure to invite you to the 6th Annual Conference of Breast Imaging Society of India, BISICON 2018, which will take place at All India Institute of Medical Sciences (AIIMS) Patna from 16th to 18th November 2018. The theme this year is 'bridging the gap'. BISICON 2018 endeavours to bridge the gap between the diverse ranges of breast imaging expertise in India, and will serve as a point of contact for radiologists and related professionals who want to learn, share experiences and update knowledge in this era of fast evolving technology.

BISICON 2018 Patna will be a small step in strengthening the main objective of our Society in promoting world class breast imaging practice in our country to the last person in the queue. We will organise Nukkad Naatak (street plays), poster/pamphlets campaigns and media propaganda well before the beginning of the conference to make it a truly peoples' programme about awareness of breast diseases. BISICON2018 will include hands on workshop in different imaging modalities, a well-designed academic feast in lingua franca to suit all participants, interactive session / panel discussion with allied specialities and a session "meet the expert of choice over coffee" to resolve your still left unsolved queries. There will be a mammography positioning skill laboratory for technologists and training radiologists. We shall introduce an interactive session with breast cancer survivors and their care givers to know about their expectation from us. Another interesting addition will be an interactive discussion about innovative ideas with industry technologists in the field. Overall a 360 degree approach to Breast Imaging is the vision.

We sincerely invite you to attend BISICON 2018 at AIIMS Patna which is a budding INI equipped with all modern gadgets. There are many places to visit in and around Patna which will mesmerise you. Local sightseeing will be arranged by us for your visit to places like Takht Shri Harmandir Saheb in Patna city (one of the holiest places for Sikhs), Old & New Museum, Golghar (a heritage site), Buddha Smriti Park, Eco Park and many other places in the heart of town. You may also plan to visit many places of repute around Patna like Buddhist temples in Bodhgaya, Rajgir & Vaishali, JalMandir (Jain pilgrimage site) at Pawapuri, ruins of old Nalanda University at Nalanda, among other places.

Your confidence in BISICON is our greatest asset. We shall endeavour to uphold this trust by our sincere, unfettered efforts at making this voyage a great success.

With warm regards.
